

Assignment 2A

By

Khushal sharma

Reg no 570

Add the following queries to Assignment 02.

Submit them against Assignment 2A as a single PDF along with the results to each query in order.

Q1. Find the male employees whose first name contains "esh" at the end and work in project either "P-01"

or "P-05".

Q2. Find the youngest ten employees in the organization whose working location is "Delhi".

Q3. Find the name of the manager(s) who supervises the maximum number of employees in the organization.

Q4. Find the list of dependents for all employees working at "Delhi".

Q5. List the employees ordered by their DoB.

Q6. List the employees with a salary > 50000 and group them by their department name.

Q7. Find the employee name with the 3rd highest salary.

Q8. Find all the employees who are not working on any project.

Q9. Report the project-wise count of employees sorted in descending order.

Q10. Find all the employees who are working exactly on one project.
